RANGERS RETALIATE.

Attacked by Miscreants After Dark They Return Fire

WITH EFFECTIVE AIM

Four of the Opposition Go Down to Death, One Seriously Wounded and Two More Are Incarcerated in Jail.

Rio Grande City, Tex., Nov. 9.—Rangers under command of Captain McDonald were attacked near this place Friday night. Four of the miscreants went down to death before the unerring aim of the state's constabulary, one was seriously wounded and two others captured and landed in jail. It is surmised the attacking party was the same element which assassinated Judge Staley Welch while he was asleep in bed.

UNUSUAL SITUATION.

Court Over Which Favrot Presided Without a Judge.

Baton Rouge, Nov. 9.—An unusual legal situation has followed the killing by Congressman-elect George K. Favrot of Dr. R. H. Aldrich, and the result may be to keep Favrot in jail for sixty days without hope of bail. He was judge of the district court here, before which his case should legally come up for consideration. His resignation from this office Thursday left this court without a judge, and it will be sixty days after notice of special election is served before his successor can be chosen. The state constitution makes no provision for the appointment of his successor. The prisoner cannot secure bail until his case goes before the court.

DIABOLICAL DEEDS.

Lady Murdered and a Granddaughter Nearly Choked by Scoundrel.

Johnstown, Pa., Nov. 9.—Mrs. Catherine Stuffer, a widow, was found murdered in bed early Friday at Lamberts-ville, a small village in Somerset county. There was a bullet hole in her head. It is believed Mrs. Stuffer was murdered for the money which she was supposed to possess. A couple of grandchildren were living with her, one of whom, a girl, is almost grown. The girl was awakened by the presence of a man in her room. He tried to choke and chloroform her, but she made her escape and aroused the neighbors. When they arrived on the scene the man was gone.

STAR WITNESS SHOT.

Receives Two Bullets in His Abdomen in Philadelphia City Hall.

Philadelphia, Nov. 9.—Frederick Schaufhauser, the star witness in the conspiracy case against John W. Hill, the former head of the filtration bureau, was shot while on the seventh floor of the city hall. He received two bullets in his abdomen. Who did the shooting is not known, but two men who were near Schaufhauser were arrested.

Frederick Humberger, a fireman, was arrested. Domestic affairs caused the shooting. The wounded man may die.

One Boy Dies.

Fort Worth, Nov. 9.—Riley Parhan, the seven-year-old boy whose father died at Childress Monday, died in St. Joseph's hospital Friday as a result of injuries sustained at that time. The father left the passenger train, holding a small son by each hand and was killed instantly, both boys being injured. The other son, nine years old, may recover.

DEPART FOR PANAMA

President, Mrs. Roosevelt and Others Have Gone.

LEAVE ON LOUISIANA

Chief Executive, as He Boarded the Mayflower En Route to Ship, Said He Was Going Down to See the Ditch.

Washington, Nov. 9.—"Good-bye! I am going down to see how the ditch is getting along!" shouted President Roosevelt as he stood on the after starboard deck of the yacht Mayflower at the Washington navy yard as the vessel was leaving the dock with the president for his Panama trip.

Accompanying the president were Mrs. Roosevelt and her maid, Surgeon General Rixey of the navy and M. C. Latta, one of the assistant secretaries of the white house. The Mayflower took the party to Wolf Light Trap, at the mouth of the Rappahannock river, in Chesapeake bay, where the transfer was made to the battleship Louisiana, which is to convey the party to the isthmus.

President Roosevelt and Mrs. Roosevelt arrived at the navy yard shortly before 4 o'clock, where they were met by Secretary Loeb, Captain Lutz, the commandant of the yard, and Captain A. T. Long of the Mayflower. A company of marines and a detachment of sailors were drawn up about the wharf, and as the presidential party arrived a welcome was sounded from the bugler aboard the ship and from a drummer in the marine ranks. For a few moments President and Mrs. Roosevelt chatted with the naval officer on the wharf, and then as the band aboard the ship played "the Star-Spangled Banner," and the bugle sounded a welcome, they walked down the gang plank aboard the vessel. Here had assembled to meet the party Mrs. Cortelyou and Ambassador Josseland and Mrs. Josseland, who carried a large bunch of flowers for Mrs. Roosevelt, and James R. Garfield, commissioner of corporations. These remained with the president on board until the order was given to start. Then a United States flag was run up the vessel's gaff, the gang plank was taken, the ship loosed from her moorings and the trip to Panama was begun.

As the vessel started President Roosevelt appeared on deck and shouted good-bye to the crowd which assembled. He appeared to be in particularly good spirits, and remained on deck until the vessel was out of sight. As the ship passed the lower end of the navy yard a parting president salute of twenty-one guns was fired.

The Louisiana will be conveyed to and from the isthmus by the armored cruisers Tennessee and Washington. Aboard the Louisiana is Lieutenant Frank Evans, who will utilize the wireless telegraph apparatus with which the ship is equipped for communication with the white house at Washington whenever the president desires it. It is the way the public will be kept informed of the various ships. Secretary Loeb will give to the press dispatches from the president which may be received from time to time. The president will spend four days on the isthmus. He will arrive at Colon Nov. 15, where he is to be greeted aboard ship by President Amador of Panama, and Mrs. Amador, Chairman Shonts and others of the canal commission. A considerable portion of that day will be spent at La Bocas and Ancon, the train making a slow run across the isthmus in order to give an opportunity to see the sights and make an examination of the work. At Lobocas there is to be an inspection of the present terminals of the old French canal and the Panama railway, following which there will be a trip to nearby islands, where the president is to be shown the proposed actual Pacific end of the canal in deep water.

PROFITABLE PRICE.

Company With That End in View Organized at Atlanta.

Atlanta, Ga., Nov. 9.—A movement designed to "maintain a profitable price for cotton against the conspiracies of Wall street" was inaugurated Thursday evening at a meeting of the executive committee of the Southern Cotton association.

The method proposed for accomplishing this purpose is the formation of the "Southern Cotton company," with an authorized capital of \$100,000,000 to build warehouses, buy up cotton at reasonable prices and otherwise endeavor to regulate selling so that cotton shall be traded in on basis of its intrinsic value, rather than on speculation.

Fifteen members of the executive committee of the Southern Cotton association attended the meeting. They represent all the cotton states and include many prominent planters.

A tentative plan for organization of the proposed buying and handling company was presented by a special committee consisting of Messrs. J. P. Allison of North Carolina, E. D. Smith, South Carolina; S. A. Witherspoon, Mississippi; J. L. Maxwell, Louisiana, and J. A. Hickey, Texas. This charter provides for the organization of a stock company with an authorized capital of \$100,000,000 and an initial capital of \$10,000,000.

It is proposed that affairs of the company shall be administered by a board of thirty-five directors, who shall estimate fair cotton prices and endeavor to have them maintained.

The management of the concern is to erect storage warehouses and conduct buying, holding and selling. The par value of the stock is to be \$5 a share, opening membership to small as well as large planters. Should the directors believe cotton to be worth more than Wall street prices it will pay such prices regardless of the so-called market value and hold the product for a rise.

After discussing and amending in some respect the plans for organization it was decided to defer final action on the project until the next meeting of the executive committee, to be held in January.

VOTERS INTIMIDATED.

Armed Men Had Control of Affairs at Rio Grande City.

Rio Grande City, Tex., Nov. 9.—The election in Rio Grande City was dominated by armed men. The Democratic voters were prevented by physical force and display of arms from entering the court house to vote. About 125 left without voting. The result is a Republican majority of about 100.

Judge Welch's assassination became known at 8 o'clock. There was a great demoralization. About fifty mounted and armed men then went through the crowd, demanding that the polls be instantly opened. Deputy sheriffs and special constables were too few to safely cope with the situation without open warfare between the parties.

To save life Chairman Seabury, representing the Democratic party, gathered the best men among the Republican leaders about him and made an agreement that no armed men should approach the courthouse; that one man of each party should be appointed by the presiding officer as special peace officers at the polls, and that a Democrat and a Republican vote alternately until all had voted. This agreement was kept for two hours, after which the Republicans took possession of the courthouse, entered the door and held same in force, backed by armed men on horseback and afoot, some with pistols drawn, and terrorized and kept out most of the Democratic voters.

Mr. Seabury and Joseph Pina, Republican peace officer, several times broke up the gang and got a fair deal so long as they remained at the outer doors. The election was conducted upstairs.

Citizens in the Brownsville border section have asked the governor to send a company of rangers and a company of militia to Rio Grande City for the opening of the commissioners' court Monday to avoid bloodshed.

Corsicana cavalry company was ordered to Fordyce. It contains about fifty men.

ALDRICH INTERRED.

Favrot, Said to Have Followed the Unwritten Law.

Baton Rouge, Nov. 9.—Fully 1,000 persons attended the funeral of Dr. R. H. Aldrich, killed by Congressman-elect Favrot. A host of friends rallied about Judge Favrot, visiting him at the jail, and two lawyers who have at times been his political opponents, volunteered their services in his defense.

Although Judge Favrot maintains silence as to the cause of the tragedy, his friends have issued a statement that "He followed the unwritten law," acting on the belief that he was avenging an affair of honor to his family. Judge Favrot's friends also declared that Dr. Aldrich was forewarned and forearmed.

Thursday's only development was the resignation of Judge Favrot from his judicial position. Governor Blanchard will order a special election to fill the vacancy.

Lacey Defeated.

Des Moines, Nov. 9.—Congressman Lacey was defeated by O. W. Hamilton, a Democrat. Democrats gain six senators in the legislature and eleven representatives.

Two Thousand Larger.

Danville, Ill., Nov. 9.—The plurality of Speaker Cannon is 10,188—2,000 more than his plurality two years ago.

Bailey's Mother Ill.

Gainesville, Tex., Nov. 9.—In response to a telegram announcing the serious illness of his mother in Mississippi Senator Bailey departed at once for Crystal Springs, where Mrs. Bailey resides.

Pickpockets got \$450 from passengers on a Katy train between St. Louis and Denison.

Near Lawton, Okla., a wild cat entered a home and badly bit three men who were asleep.

Natural gas is to be piped nine miles to Duncan, I. T. The price will be 60 cents per 1,000 cubic feet.

The body of Ed Lamb, with rifle in his arms and a bullet hole in his forehead, was found near Eagle Pass, Tex.

The body of Douglas, the porter who went down with the train into the Cimarron river, has been found near Kingfisher, Okla.

Three boys, convicted of robbery, were executed by shooting at Riga, Russia. Four other persons were put to death at the same time.

At Spring Green, Wis., a mob had the noose prepared to put around the neck of Thomas Balf, charged with assault on Mrs. Edward Frank, but could not enter the jail.

Robert Vandervoort, known as "Diavolo," died from injuries in a railroad wreck in New York state. He was the original loop-the-loop performer.

James Wallace Thomas, a resident of Texas since 1845, postmaster at Clarksville and McKinney under Presidents, Pierce, Buchanan, Johnston, Grant, Hayes, Garfield, Arthur and Cleveland, a Republican and proprietor of the first paper in Collin county, died at McKinney.

FIVE INCENDIARY FIRES.

New York Has That Number With a Death and a Panic.

New York, Nov. 9.—One woman is dead, a man in a hospital suffering from severe burns, 2,000 persons fled from their homes in a panic and thousands more passed a sleepless night as the result of a series of incendiary fires in the two blocks bounded by Sixtieth and Sixty-first streets and Columbus and West End avenues early today.

Scores of persons whose lives were endangered by the conflagration Friday were rescued by the firemen. In all there were five fires—every one of incendiary origin—between midnight and 3 o'clock in the morning.

The woman who lost her life was Mrs. Caroline Swain, seventy years old. She lived at 107 West Sixtieth street, adjoining one of the buildings which was fired. She died of heart failure, induced by fright.

Adrian Tompkins is in a hospital with his hands and feet severely burned as the result of climbing down a redhot fire escape. He is in a serious condition.

The rapidly succeeding fires, crowds of evicted tenants and terrifying rumors spreading throughout the neighborhood, with the constant appearance and reappearance of fire engines and big squads of police, raised the people throughout the vicinity to a high pitch of excitement, which did not lessen until daylight brought a measure of assurance. The incendiarism was finally stopped.

The excitement spread even to Broadway, and in the Marie Antoinette, Ansonia, Empire and other big hotels in the neighborhood of Lincoln square guests were aroused by the commotion. In the St. Paul hotel, at the southeast corner of Sixty-first street and Columbus avenue, and Hotel Hudson, on Sixty-second street, both close to the fires, all the guests were aroused and few slept any more.

All the houses where the fires occurred were flats. Three of them were occupied by whites and two by negroes. Most of the tenants were in bed when the fires broke out and escaped to the streets in the scantiest of clothing.

MALADY AT MARFA.

Is of Malignant Type and Alpine People Are Frightened.

Austin, Nov. 9.—Governor Lanham has received the following telegram from the Business Men's club of Alpine, Brewster county:

"The people of Alpine have just held a mass-meeting for the purpose of preventing the spread of a malignant type of disease which is now prevalent in Marfa and other parts of Presidio county, the nature of which physicians of Marfa have been unable to diagnose definitely as to the character. There have been about twelve deaths at Marfa from this disease, and it is spreading in the country. The sense of the meeting was a request that you send the state health officer to Marfa to investigate the nature of the disease and ascertain if there is some way to arrest its spread into adjoining counties and other parts of the state."

Governor Lanham has ordered Assistant Health Officer Shaver of El Paso to go at once to Marfa and make an investigation.

DEEDS OF NEGRO.

Fatally Shoots Farmer and Wounds Little Child of Latter.

Shreveport, La., Nov. 9.—Ben Johnson, a farmer of Bossier parish, was fatally shot and his seven-year-old child seriously injured by William Martin, a negro. The men had quarreled Wednesday over the ginning of some cotton. Thursday the negro went to Johnson's house and shot him with a double barreled shotgun. Some of the shots struck Johnson's child, who was standing near at the time of the shooting. Martin was arrested and lodged in jail here.

Automobile Line.

Pecos, Tex., Nov. 9.—A \$10,000 stock company will operate an automobile from here to Fort Stockton, sixty-one miles.

CATTLE FEEDING EXPERIMENTS.

Some Interesting Information Issued by A. and M. Experiment Station.

The Texas agricultural experiment station has issued a bulletin known as No. 86, entitled "Cattle Feeding Experiment" which should prove of great interest to cattle feeders.

The authors, John A. Craig and F. R. Marshall, summarize the work as follows:

1. In our experiment the addition of molasses to a fattening ration has always produced an increased gain.

2. Addition of molasses to a ration of cotton seed meal and hulls lowered the cost of gain.

3. When molasses was added to a balanced ration it gave larger gains and improved the appearance of the cattle but did not lower the cost of gain.

4. There was no undesirable result from feeding yearling steers one gallon of molasses each per day, and there is good reason to believe that larger amounts might be used.

5. In Experiment 2 the cheapest gains in each month were made by the lot receiving most nearly a balanced ration.

6. Molasses returned from 3 to 30 cents per gallon. The lower value was obtained when molasses was added to a ration already balanced, and when in the early part of the feeding period an unbalanced ration was fed the higher value was obtained.

7. When cotton hulls were used as roughage, a ton of rough rice was equal to one-half a ton of cotton seed meal.

Any persons whose names are not on the list of the experiment station can procure a copy by addressing F. R. Marshall, College Station, Texas.

SOUTH HOLDS RECORD.

Many scientists are viewing with alarm the possibility of a deterioration of soil, which some claim may eventually threaten the world's food supply unless the experiments to secure nitrogen from the air should prove commercially successful and thus make possible the constant refertilization of the soil. Already the rich prairie states are finding commercial fertilizer a necessity, and last year Ohio used 300,000 tons. The south holds a world's monopoly on fertilizermaking material, such as phosphate rock, sulphur, etc. Europe draws its phosphate rock mainly from this section, and Louisiana now dominates the sulphur market of Europe and America. Strong as the south is in coal, cotton and iron, it is equally as strong in phosphate rock and sulphur, and it cannot only enrich its own soil, but supply the needs of other sections and other countries. Great is the south!—Manufacturers' Record, Baltimore.

WAAT IS CATARRH?

Simple Way to Overcome the Dangers of This Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years, a simple and reliable treatment for catarrhal troubles has been found—Hyomei, a combination of healing and germ-killing balsams, that when breathed through the neat pocket inhaler that comes with every outfit, reaches the tiniest cells in the respiratory organs, carrying its healing and health giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all catarrhal germs; drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have the ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucus, difficulty in breathing, sneezing, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents, and is sold by E. J. Jenkins under an absolute guarantee that it will cure catarrh or money will be refunded.

HINDOO ACROBATS.

They Perform Wonderful Feats of Balancing and Juggling.

There is always an abundant supply of stories of the expertness of Hindoo jugglers and acrobats. One who moves about perched upon a single long stick is remarkably clever. This performer is mounted on a bamboo pole about fifteen feet high, the top of which is tied to a girdle around his waist. A small cushion is fastened a few feet down the pole, which acts as a leg rest. The acrobat hops around a large space in the liveliest way, uttering cheerful shouts and accompanied by the tapping of a curious drum. He also executes a sort of dance and goes through a little pantomime. It is a marvelous feat of equilibrium. To walk on a pair of stilts as high as this would be a performance worthy of comment, but to hop around on one is quite another thing.

The same man can do many other wonderful things. He appears absolutely perfect in the art of balancing. He can balance a very light stick on his nose and a heavy one on his chin and then throw the heavy one into the air and catch it on the end of the light one. When balancing these two sticks, end on end, he will make one revolve in one direction and the other the reverse. He puts one hand on a flat, circular stone, throws his feet up into the air, and balances a stick on each of them. At the same time he revolves rapidly on the pivot formed by his arm and the stone.

THE MAHOGANY TREE

It Frequently Springs From the Crevices of Great Rocks.

The tree which produces that beautiful and well known wood, mahogany, is one of the most elegant, if not the largest, of the country in which it is found and frequently grows in the crevices of rocks. The appearance of so large a vegetable production in such a situation is extremely curious and picturesque and is to be accounted for from the construction of the seed, which is like that of the thistle, winged, or capable of being borne along by the action of the air and in that manner deposited in holes and fissures in the rocks, where it speedily vegetates and springs up. As long as the plant remains young the place in which it is found is sufficiently large for its growth, but as it increases in size the roots gradually but irresistibly force asunder the walls of their rocky prisons and throw off large portions of stone.

It is not always, however, found in these situations, the largest timber being produced in some of the flat and marshy spots on the coast of America. Such is the Honduras mahogany, which is much looser in texture and of less value than that from the mountainous districts of Cuba and Haiti. This last kind is known in commerce as Spanish mahogany and is chiefly purchased for the purpose of being cut into veneers. —New York Herald.

Imagination is not thought, neither is fancy reflection. Thought paceth like a hoary sage, but imagination hath wings as an eagle.—Tupper.

Hon. Jake Moore

Suffered Twenty Years With Indigestion.
Relieved by Kodol for Dyspepsia.

OFFICE OF

The Prison Commission of Georgia

JOS. S. TURNER, Chairman.

TOM EASON, Commissioner.

CLEMENT A. EVANS, Commissioner.

GOODLOE YANCY, Secretary.

J. C. MOORE, State Warden.

ATLANTA, August 10, 1904.

E. C. DeWitt & Co., Chicago, Ill.

Dear Sirs:—"I have suffered more than twenty years from Indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. My heart would beat so fast I could not sleep, at times I would almost draw double with pain in the pit of my stomach. I lost twenty-five pounds; in fact, I made up my mind that I could not live but a short time, when a friend of mine recommended Kodol Dyspepsia Cure. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited."

Yours very truly,

Jake L. Moore

Kodol for Dyspepsia is the only digestant or combination of digestants that will digest all classes of food. In addition to this fact, it contains, in assimilative form, the greatest known tonic and reconstructive properties. All other digestants and dyspepsia remedies digest certain classes of food only, and are lacking in reconstructive properties.

Kodol for Dyspepsia is prepared at the laboratory of E. C. DeWitt & Co., Chicago, and is sold by leading druggists everywhere.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CARNES & WALLACE.

BRYAN, TEXAS, NOV. 10, 1906.

The democrats made a net gain of twenty-nine congressmen in the late election.

Dallas is using five hundred cars of Texas granite for paving. Dallas may be depended upon for solidity all along the line.

Now is the time to buy Brazos county lands, NOW. The Eagle fears, however, that strangers will have to come in and show us how to appreciate them, and then it may be too late for the man with only moderate means.

The democrats appear to have made a clean sweep in New York with the exception of Hearst. Must have been a trade.

Governor Elect Campbell will doubtless have a prize winning exhibit of petitions before the offices at his disposal are all filled by the faithful.

Stick a pen here, brother, if you are thinking of selling out and leaving old Brazos county. Mr. Monroe Edge, the hustling real estate agent, reports to the Eagle two recent incidents of Brazos county farmers who sold their homes and after going to West Texas in search of a better country, have returned, and being unable to buy their old places back, have purchased adjacent land at advanced price, and were glad to get it.

The murder of District Judge Welch while he slept at Rio Grande City, which has cast discredit upon the state, appears to have been the outgrowth of political troubles in Starr county.

They are now tracing the Brownsville negro soldiers' outrage to the Booker Washington dinner at the White House. Well, as the dinner has not been repeated, let us hope its bad effects have been counteracted by the discharge of the battalion of negro troops involved from the army.

ASH POND POSTED.

Notice is hereby given that Ash Pond, owned by W. S. Mial and located in the Brazos bottom, has been leased by the Ash Pond Hunting Club and posted. No trespassing allowed. Ash Pond Hunting Club. (Nov. 17)

ON THE WARPATH.

A. and M. Gridiron Will be the Scene of Fierce Football Game Monday.

College Station, Tex., Nov. 9.—Did you ever see a football game? Did you ever see a band of genuine Red Lkins on the war path.

If not, you will have the chance to see both at one and the same time here on the College campus next Monday afternoon.

The occasion will be the football game between the famous Haskell Indians of Lawrence, Kansas, and the A. & M. team.

Are they real Indians, do you ask?

Yes, they are genuine, full-blooded Indians from the Indian Territory and other Indian reservations, who are students at the United States government mission school, conducted for the higher education of the Indian race. At Carlisle, Pennsylvania, is located a similar Indian school carried on by Uncle Sam.

There is no game in the world that requires as much strength and speed and endurance and cunningness as does football. It is not at all surprising that a race noted for these very qualities should excel at football.

The two Indian schools are noted in their respective sections of the Union for the swiftness and strength of their football teams, and so numerous and deceptive are the tricks they spring that an opposing team never knows what to look for.

Interest in the approaching game with the Haskell is running high here. It is one of the principal topics of conversation among the students. The management expects the biggest crowd that ever witnessed a game at College, and are making arrangements to take care of them.

The athletic field is in perfect shape. A wire fence has been placed around the gridiron to keep the crowd off the field and the bleachers have been fenced to prevent bystanders from obstructing the view.

The H. & T. C. will run a special train from Bryan to College, leaving the station at Bryan at 2:45 p. m. and 3:15 p. m., and returning after the game. Both roads have put on excursion rates from all points south as far as Houston, and the game is being advertised in those towns.

But it is to Bryan that the managers are looking for the crowd. There is a strong feeling here that as the College boys contribute so much towards the material prosperity of Bryan, the people of Bryan ought to lend their material and moral support to the team on the occasion of a great contest like this.

THE NEW VISIBLE

At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivot bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantage of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are so expensive to the purchaser.

Here is a Short Description.

THE TYPE HANGER—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

TWO COLOR RIBBON—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

THE INTERCHANGEABLE CARRIAGE—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

PERFECT VISIBLE WRITING—The entire line is visible all the time.

THE KEY TENSION—The force required on the part of the operator to print a letter is only 2½ ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

THE LINE LOCK—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

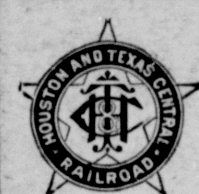

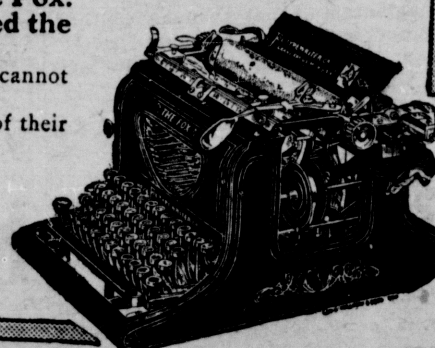

ALUMINUM KEY LEVERS—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

TABULATOR—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

Sam Eaves returned from Hearne yesterday.

Bruce Reed returned from Waco yesterday.

W. W. Harris visited Palestine yesterday.

Mrs. A. Hensarling is visiting at Wellborn.

D. O. Doyle of Dallas was in the city yesterday.

Arch Eaves was here from Wellborn yesterday.

J. D. Battle of Allenfarn was in the city yesterday.

W. L. Sykes of Benchley was in the city yesterday.

Dr. G. F. Lee of Wellborn was in the city yesterday.

Misses Morgan were visitors from Reliance yesterday.

R. S. Newsome was in from the Brazos bottom yesterday.

W. E. Astin went to his plantation near Hearne yesterday.

R. F. Wells and wife of Cross were in the city yesterday.

Frank Konecny has returned from the San Antonio fair.

Miss Lizzie McCallum of Tabor was in the city yesterday.

T. J. Preston visited Calvert yesterday on a business trip.

P. S. Grogan of Hearne was here on a business trip yesterday.

Mrs. J. A. D. Robinson was a visitor from Wixon yesterday.

Second hand sewing machines and heaters at W. W. Mike's.

Rev. J. J. Tatum will reach home today after a visit to Alvord.

Miss Willeford is attending the Baptist State Convention at Waco.

J. M. and Jack J. Conway were in from Thompson Creek yesterday.

The city council met last night and adjourned to Wednesday night.

Jeff Cole has returned from Wheelock accompanied by J. B. Dunn Jr.

Mrs. Minnie Foster and children were visitors from Wellborn yesterday.

Miss Bessie Seale returned to Benchley yesterday after a visit to Misses James.

J. T. Closs, who has been seriously ill at his home near Edge, is reported better.

Mrs. J. R. Sheppard and Mrs. Moorman were visitors from Kurten yesterday.

S. L. Myers of Dallas, agent for the Southwestern Life, was in the city yesterday.

Miss Ida May White, who is attending school here, is visiting her parents at Millican.

Sam Allen returned to Houston yesterday after purchasing a car of cattle from J. A. Foreman.

Miss Clara Hanover and Grady Hanover of Wheelock were visitors to the city yesterday.

Mrs. H. H. Prewitt returned yesterday to Franklin after a visit to her mother, Mrs. Kate Wilcox.

All kinds of second hand goods bought and sold by W. W. Mike, opposite Parker's lumber yard.

Rev. Wilhelm, assistant of Rev. Gleissner of St. Joseph's church, returned from Galveston yesterday.

Marriage license was issued here yesterday to W. H. Mize and Miss Ivy Sullock of Iowa, Grimes county.

J. D. Rumfeld of Zulch was here yesterday to meet his wife and children, who returned from a visit to Houston.

At Higgs & McCulloch's: Fresh beans, beets, radishes, onions, cabbage, celery, cranberries, grapes, bananas, oranges, yam potatoes.

I will spend Wednesday in Houston. All orders given me will receive my best attention. Mrs. Nellie H. Ballard, Agent Levy Bros., Houston, Texas.

After successful quarterly examinations students of the Allen Academy was given a half holiday yesterday afternoon and a number of them accompanied members of the faculty on a hunt to the Navasota river. The young men of the senior class will issue an Academy paper. The following have been selected to conduct the publication. Frank Buchanan, editor-in-chief; Jim Thomas, athletics; Roy Kilough, news and notes; Gustave Falcon, business manager. The Academy issued a most creditable paper several years ago, and it will again be found a most interesting and helpful adjunct of student life and of much benefit to the school.

Hood Boone of Navasota and Clifford Meachum of Navasota were in the city yesterday. Mr. Meachum is doubtless one of the most expert type writers in the state, his speed in touch writing being remarkable.

PARTIAL ELECTION RETURNS

Election returns from all but one box in the county are in and show the following total vote: the several boxes: Courthouse 111; City Hall 90; Millican 60; Wellborn 44; College 31; Bethel 41; Kurten 33; Edge 41; Batte's Store 154.

Millican—Campbell 44; Gray 14; Acheson 1; Hardy 44; Atkisson 15; for endowment amendment 6, against 10; for jury tax amendment 5, against 12; for legislative pay amendment 4, against 13.

Wellborn—Campbell 31; Grey 3; Acheson 9; Edwards 1; Hardy 1; Henderson 32; for endowment 6, against 0; for jury tax 11, against 0; for legislative pay 4, against 2.

College—Campbell 30; Gray 1; Hardy 28; for endowment 14, against 6; for jury tax 12, against 9; for legislative pay 8, against 15.

Bethel—Campbell 27; Gray 2; Acheson 9; Pearson 1; Edwards 2; Hardy 17; Henderson 5; Atkisson 9; Mays 2; for endowment 9, against 4; for jury tax 17, against 4; for legislative pay 15, against 4.

Kurten—Campbell 32; Gray 1; Hardy 32; for endowment 7, against 14; for jury tax 13, against 8; for legislative pay 1, against 18.

Edge—Campbell 39; Acheson 2; Hardy 39; for endowment 3, against 0; for jury tax 2, against 1; for legislative pay 1, against 2.

Batte's Store—Campbell 64; Gray 5; Acheson 83; Hardy 102; Atkisson 39; for endowment 64, against 0; for jury tax 6, against 7; for legislative pay 6, against 8.

Courthouse—Campbell 102; Acheson 6; Hardy 76; Henderson 10; Mays 5; Atkisson 6; for endowment 40, against 16; for jury tax 37, against 20; for legislative pay 28, against 28.

City Hall—Campbell 69; Gray 5; Acheson 11; Hardy 65; Atkisson 2; for endowment 23, against 11; for jury tax 18, against 14; for legislative pay 41, against 46.

CHURCH NOTICES.

Methodist Church—Sunday school at 9:45. Preaching at 11 a. m. and 7:30 p. m. by the pastor. Epworth League 6:30 p. m. A cordial invitation to all to attend these services. Morning services in district court room. Evening service in county court room. I. F. Betts, Pastor.

Presbyterian Church—Sunday school 9:45 a. m. Preaching by the pastor at 11 a. m., 7:15 p. m. Westminster League at 6:30 p. m.

Free Baptist Church—Sunday school and Christian Endeavor at the usual hours. Preaching by the pastor at night.

NO HUNTING ALLOWED.

If you would like to be warmly and correctly dressed, without too much tax on your purse, get into one of our handsome

Over Coats
or
Cravenettes

At \$12.50, \$15.00, \$18.00
and \$20.00

All the new greys, in solid shades, plaids and stripes, also solid blacks, in medium and long lengths, cut and made in the height of fashion and at prices that are reasonable. You will find our assortment of styles by far the largest in town.

TWO MORE PERFORMANCES.

The Payton Staters' Comedy Co., which has been pleasing patrons of the opera house all the week, will give two more performances. For matinee at 2:30 this afternoon they will present "Confusion," a laughable farce comedy. For the closing performance tonight the bill will be "Mysterious Mr. Raffles," a melodrama. Don't miss these two last performances.

Work on the new Methodist church has progressed to a point where the magnificent structure is rapidly assuming proportions. The roof and floors are completed, the gallery in and the partition, which is adjusted so as to be raised, is being put in. Work on the handsome two-story parsonage is also progressing nicely.

FOR SALE.

The two-story brick building, 25x150, occupied by J. Marks; also the one story brick building and three lots, 79x150, occupied by G. D. Tucker's livery stable. See R. G. Tabor.

GREATLY IMPROVED.

Senator Depew Will Be Able to Attend Coming Session of Congress.
New York, Nov. 9.—Senator Depew, who has been spending the summer and fall at the Bishop villa, Ardsley-on-the-Hudson, will move to his town house Nov. 18 and leave for Washington Dec. 1, to be in his seat when the senate convenes.

Senator Depew spends most of his

SENATOR CHAUNCEY M. DEPEW.

time playing golf on the Ardsley Casino links, taking long automobile trips and attending dinner parties. He has greatly improved in health.

ONE LONE BANDIT.

Masked Man Boarded Train, Woke Up and Robbed Passengers.

Kansas City, Nov. 9.—A lone robber heavily masked boarded the rear sleeper of an east-bound combination Chicago and Alton-Rock Island-California limited train, known as No. 44, between Slater and Glasgow, Mo., shortly after midnight Thursday night and robbed passengers of a sum placed at between \$100 and \$500 and escaped in the darkness.

The train left Kansas City Thursday night at 9 o'clock and was due to arrive at Chicago at 8 o'clock Friday morning. The robber, who is described as being tall and wearing a black overcoat, boarded the rear sleeper at Slater. When the train had gotten well under way he entered the sleeper-observation car, bound through from California. He encountered the Pullman conductor and porter and at the point of a revolver commanded them to proceed ahead of him and wake up the passengers. The sleeper was well filled. His demands were carried out, the robber keeping the conductor and porter ahead of him. He systematically relieved the passengers of money, watches and jewelry. When he made his way through to the front end of the car he started for the second Pullman. Before the robber could enter the second car the porter slammed the door in his face. The train was then at a point about a mile east of Glasgow. Realizing he could proceed no further with his work, the robber pulled the air rope. While the train was slackening its speed he jumped off and disappeared in the darkness.

FIRST MESSAGE.

Weather at Sea All That Could Be Desired For Voyage.

Washington, Nov. 9.—The first wireless message received at the navy department in connection with the president's Panama trip came Friday as follows: "Louisiana sailed from Piny Point about 11 p. m. last night and was near Cape Henry at 5 a. m. today."

The Louisiana is being conveyed by the Washington and Tennessee.

When some distance off Cape Henry the Louisiana raised signals of some kind which the United States weather observer was unable to distinguish because of the great amount of smoke being emitted from the funnels of the Louisiana and other vessels at the time. Neither of the warships made any stop, however, and soon passed out of sight to the southeast of Cape Henry.

The transfer Thursday night of the presidential party in upper Chesapeake bay from the yacht Mayflower to the Louisiana was without special incident so far as known here. The weather at sea Friday was charming and conditions for a delightful trip by the president and party could not be more promising.

Wireless telegraph messages are expected from the president all along the coast. The Louisiana will not leave the coast shore for any great distance and will be in touch by wireless telegraph almost during the entire trip.

CROKER ON RESULT.

Hearst Made Remarkably Good Fight, and Has Reason to Be Proud.

London, Nov. 9.—The Dublin correspondent of the Standard telegraphs an interview with Richard Croker on the result of the election in New York state. Mr. Croker said the outcome was much in accordance with his expectation.

"I think the election will prove a considerable education to Mr. Hearst," said Mr. Croker. "and I am sure he will profit by it, although defeated. In my opinion, Mr. Hearst is bound to be a factor in politics. If he could have held his own vote, and if he had the support of the independent laboring men, I believe he would have been elected by 100,000 plurality. He has made a remarkably good fight, and he has reason to be proud of it."

WHAT WELLS SAYS.

Ascribes Trouble to Certain Custom-house Officials.

Austin, Nov. 9.—Governor Lanham received the following telegram from Hon. F. W. Seabury at Rio Grande City:

"Rangers were attacked Friday on the road from San Fordyce by an armed body of Mexicans. A pitched battle followed. One of the assailants were killed and others wounded. No rangers were hurt. Must have a larger force at once. Captain McDonald and four rangers are here. Captain McDonald agrees to this request."

Governor Lanham at once ordered the troop of cavalry from Corsicana to proceed to the scene of the trouble and they were joined here by Adjutant General Hulen, who took command. Colonel Townsend of the Third Infantry was also with the troops which passed through here.

They will reach Rio Grande City Saturday night, going by rail as far as San Fordyce and marching overland twenty miles.

The Austin cavalry troops were ordered to be in readiness to leave at a moment's notice. A carload of ammunition left Austin destined for San Fordyce with hurry-up orders attached to it, so it would be there ahead of the troops.

The cavalry troops will get horses when they reach San Fordyce, as all arrangements have been made for that purpose.

The adjutant general's office has been the scene of great activity. The troops will be well provided for when they reach their destination.

The situation is decidedly serious. Judge James B. Wells is here from Brownsville and alleged that the direct cause of the trouble, including the assassination of District Judge Welch, can be traced to certain Republican customhouse officials at Rio Grande City. It is alleged that they have incited the Mexicans to a certain degree.

Ranger Captains McDonald, Hughes and Brooks are now at Rio Grande City with good sized squads of rangers, and when the militia reaches there the force will be adequate to place the entire community under martial law. It will be martial law sure enough. If the Mexicans act unruly a wholesale slaughter will follow and the town and section will be riddled of its tough characters.

Governor Lanham received this telegram from Captain McDonald:

"On the way Thursday night from San Fordyce myself and men were fired upon by several Mexicans and we had a general fight. The following Mexicans were killed: Juan Garcia, Ferrias Caledonia, Garza Perez and Caspario Suna. Jose Venecia and Manuel Ocuna were badly wounded. We have two others in jail. About fifty shots were exchanged in the fight. We have the situation well in hand. Have ordered both factions to lay off their arms or abide the consequences. We have just started to the scene of the trouble to hold the inquest. Will investigate the murder of Judge Welch on our return."

ANOTHER ACCOUNT.

Attacked by Armed Mexicans and One of Latter Killed.

Brownsville, Tex., Nov. 9.—Texas rangers en route to Rio Grande City to investigate the assassination of Judge Welch, which occurred Monday night, were attacked by a body of armed Mexicans and a bloody fight resulted. One Mexican was killed and many wounded.

Governor Lanham is rushing troops to the scene and the situation is regarded as critical.

The Mexicans are said to be aroused over the opposition to their voting in the recent election.

HOPKINS APPOINTED.

Corpus Christi Attorney Will Succeed Late Judge Welch.

Austin, Nov. 10.—Judge James B. Wells, Senator Willacy, Judge G. R. Scott, P. F. Dunn and others called on Governor Lanham regarding the vacancy caused in the district judgeship by the murder of Judge Stanley Welch. The position was tendered to Judge J. R. Scott of Corpus Christi, but he declined on account of ill health. The position was then unanimously tendered to Judge W. B. Hopkins of Corpus Christi, who accepted it, and he was appointed by the governor.

Publishing Company Chartered.

Austin, Nov. 9.—The charter of the Farmers' Education and Co-operative Union Publishing company of Dallas was filed. Capital stock, \$100,000; purpose, to conduct a printing establishment and publish a weekly newspaper. Incorporators, O. P. Pyle, George B. Latham and Seldon R. Williams of Dallas. This is a Farmers' Union concern.

COMMENTS OF JEROME.

Does Not See How Hearst Can Again Be a Candidate.

New York, Nov. 9.—District Attorney Jerome made the following comments on the recent election: "If Hearst had not undertaken to sandbag the Democratic party into accepting him and had made himself an integral part of the Democratic party the result, in my opinion, would have been a sweeping Democratic victory. He would have a powerful and important position in it. He did not take that course, however, and I don't see how he can become a candidate in the Democratic party again. The American people are always willing to forget and forgive. Hearst can do much good yet. His newspapers have a powerful influence, and if he handles himself with good poise and judgment in matters generally he can accomplish much good. He must abandon the wholesale abuse of anybody and everybody, and must confine himself to attacking in a clean way the abuses which he wants to assail. His past offenses will then be forgotten and forgiven. He could be of service to the corporation. He must decide his course."

FRAUD CHARGED.

Overmyer Says Effort is Being Made to Count Harris Out.

Topeka, Nov. 9.—David Overmyer, Democratic candidate for attorney general says that the Republican leaders are making an effort to count out William A. Harris, the Democratic candidate for governor.

Governor Hoch and Republican Chairman Cummer indignantly deny this accusation.

HOLDING BACK RETURNS.

Chairman Connors Makes This Accusation Against Republicans.

New York, Nov. 9.—Chairman Connors of the Democratic state committee said that the Republicans were holding back the returns, that fraud was being practiced, and that in his opinion there were enough independent league ballots not counted to reduce greatly Mr. Hearst's plurality and possibly elect Mr. Hearst.

A WONDERFUL ANIMAL.

Ability, Resources and Drawbacks of the Arkansas Razorback.

A man who had watched the affair and claimed to know about hogs, razorbacks in particular, gave the following dissertation: "Arkansas has a greater variety of hogs and less pork and lard than any state in the Union. An average hog in Arkansas weighs about fourteen pounds when dressed with its head on and about six pounds and a half with its head off. It can outrun a greyhound, jump a rail fence, climb like a parrot and live on grass, roots and rabbit tracks. It hasn't much tail or bristle, but plenty of gall. It will lick a wolf or a bear in a fair fight. It is so called razorback because it is shaped like a sunfish. In hunting razorbacks they are always shot at sideways, for there is not a ghost of a show to hit them otherwise any more than to shoot at a split shingle. It can drink milk out of a quart jar on account of its long, thin head. This type of razorback is known as the stone hog because its head is so heavy and its nose so long that it balances up behind. The owner of this type of hogs usually ties a stone to its tail to keep it from overbalancing and breaking its neck while running. If the stone is too heavy it will pull the skin over its eyes, and it will go blind."—Mineral Wells Index.

Morton's Memory.

An Englishman named Morton could repeat from memory any discourse he had once listened to, while Schenkel, the inventor of one of the "Arts of Memory," could repeat 300 arbitrarily connected words and over 200 sentences, all in the exact order in which he had heard them. A Sussex man named William Wolton had a marvelous memory. When a child he could remember almost any sermon he heard and once repeated to the bishop his sermon word for word. He took his B. A. at Cambridge when only twelve years and five months old.—London Graphic.

His Long Penalty.

Jack—I knew a man who stole a kiss from a pretty girl. He paid the penalty for larceny. Katharine—Ah, indeed! And what was the penalty? —Jack—Hard labor for life. He married the girl.—Philadelphia Bulletin.

The Workers.

"There's a colored man and his wife at the door looking for work."
"But I only advertised for a laundress."
"Yes, they are her."—Philadelphia Press.

JACKSON NOT POOR.

The Great Statesman Had Very Many Early Advantages.

Verily we must abandon the belief that Andrew Jackson belonged to the class of American youths who rode to fame and fortune by their own efforts, unaided by the help of family and friends.

Never did he taste the bitter cup of physical want, of hunger and cold, of helplessness, spirit breaking poverty. Never was he without home and loyal friends and a sufficiency of the comforts of life. Never was it his lot to suffer that humiliation, that mortification, that inward bleeding wound which the proud nature writhes under when there is no money in the pocket, no change of clothing for the body, no welcome light in any window in all the world as the harassed day draws to its end and the wretched night comes on.

Poverty! Why, Andrew Jackson never in his whole life had a genuine taste of what the cruel word really means.

Few men have been more greatly indebted to the intelligent affection of a self sacrificing mother. Few sons of poor parents have had such advantages as were his lot, and few lads of poor parents did such a scanty amount of manual labor. Compared to the rugged, self taught youth of Benjamin Franklin, Roger Sherman, Abraham Lincoln, Andrew Johnson, Sam Houston, Francis Marion and Nathaniel Greene, the boyhood of Andrew Jackson almost assumes the appearance of having been cast upon "flowery beds of ease."—Watson's Magazine.

Not Doing a Thing.

"Yes, lady," said Hungry Higgins, "police persecution ruined me life. Why, when I wuz first arrested years ago I hadn't been doin' a blessed thing."

"Poor man," said the kind old lady, "here's a dime for you. And what charge did they trump up against you?"
"Vagrancy, ma'am."—Catholic Standard and Times.
